CERTIFICATES OF
CONVENIENCE AND NECESSITY,
OF McLAIN WATER SYSTEMS.**

Pursuant to A.R.S. § 40-285.A and A.A.C. R14-3-101 *et seq.*, Northern Sunrise Water Company ("NSWC") and Southern Sunrise Water Company ("SSWC") (collectively, "Applicants"), Arizona corporations, hereby jointly apply to the Arizona Corporation Commission ("Commission") for an Order approving the transfer of assets, and cancellation of Certificates of Convenience and Necessity ("CC&N"), of the Miracle Valley Water Company, Cochise Water Company, Horseshoe Ranch Water Company, Crystal Water Company, Mustang Water Company, Coronado Estates Water Company and Sierra Sunset Water Company (hereinafter "McLain Water Systems").

I. INTRODUCTION

1. The troubled history surrounding the McLain Water Systems is well-chronicled in Commission Decision No. 68412 (January 23, 2006). Previous ownership allowed these systems

1 to fall into a state of serious disrepair, and numerous violations cited by the Arizona Department
2 of Environmental Resources ("ADEQ") brought into question the potential for risk to the health
3 and safety of customers being served by them. Property taxes and Sales taxes in respect of the
4 assets and operations of these systems were not paid for almost 15 years were collected but never
5 paid, and water utility service was being extended to customers outside of the CC&N boundaries
6 of these systems in violation of Commission rules and regulations. Ultimately, the previous
7 owners of the assets filed for Chapter 13 bankruptcy relief under Title 11 of the United States
8 Bankruptcy Code. *See In re Johnny A. McLain, et al.*, Case No. 4-03-bk-04125 TUC-EWH.

9 2. On October 22, 2004, the Bankruptcy Court for the District of Arizona Authorized
10 and Approved an Asset Purchase Agreement ("Agreement") executed by Algonquin Water
11 Resources, Inc. ("Algonquin"), which provided for the purchase of water utility assets included in
12 the McLain Bankruptcy Estate. A copy of the Agreement is attached hereto as **Exhibit 1**. On
13 March 20, 2006, the Bankruptcy Court for the District issued an Order confirming the sale at a
14 total purchase price of \$696,752.14, based specifically on the Commission's determination of
15 ratebase for the McLain Water System in Decision No. 68412. A copy of the Bankruptcy Court
16 Order is attached hereto as **Exhibit 2**. Before the transfer of assets can be finalized by the
17 Bankruptcy Court, Algonquin is required to, among other things, obtain Commission approval for
18 the sale and transfer of the assets of the McLain Water Systems, as required by A.R.S. § 40-285.

19 **II. SUMMARY OF TRANSACTION**

20 3. On or around July 7, 2004, Algonquin entered into the Agreement, under the
21 authority of the Bankruptcy Court, to purchase the assets of the McLain Water Systems. The
22 Agreement included a placeholder, initially set at \$1,000,000 being an amount deemed sufficient
23 to discharge all the Creditor claims and administrative charges in the McLain Bankruptcy
24 proceeding, but this price was subject to adjustment to be made equal to the rate base value of
25 these systems as may be established by the Commission at some later date, but prior to the
26 Closing. On January 23, 2006, in Decision No. 68412, the Commission established the following

1 ratebase for each McLain Water System as follows:

2	Mustang Water Company	\$24,008.81
3	Crystal Water Company	\$19,003.18
4	Sierra Sunset Water Company	\$18,583.75
5	Coronado Estates Water Company	\$29,988.84
6	Miracle Valley Water Company	\$22,798.78
7	Horseshoe Ranch Water Company	\$124,920.98
8	Cochise Water Company	\$457,447.80

9 4. On March 13, 2006, the Bankruptcy Court conducted a hearing in response to
10 Cochise County's *Motion of Secured Creditor Cochise County for the Court to Confirm Prior*
11 *Approved Sale of the Water Companies Owed by the Debtors*. See Exhibit 2 at page 2. Cochise
12 County had provided a notice of hearing suggesting that bids higher than the adjusted purchase
13 price that resulted as a consequence of the rate base established by the Commission would be
14 entertained but no other bidders appeared nor expressed interest and hence no bids were e
15 received. As a result, the Bankruptcy Court entered its March 20, 2006 Order confirming the sale
16 to Algonquin on the basis of the previously executed Agreement. The Bankruptcy Court also set
17 a Status Hearing for April 25, 2006, to evaluate the progress towards the closing of the
18 Agreement.

19 5. Section 9.2 of the Agreement provides:

20 9.2 Transfer Approval: A condition for the sale and purchase
21 is approval by the Arizona Corporation Commission of the sale
22 and purchase and the approval by the Arizona Corporation
23 Commission of the transfer to Purchaser or the issuance to
24 Purchaser of all the Certificates of Convenience and Necessity for
25 the Water Companies. Approval of the Purchaser's acquisition
26 must also be obtained, to the satisfaction of the Purchaser, from all
other governmental bodies and agencies having jurisdiction over
the Water Companies and/or the transfer to Purchaser of all other
permits, certificates, licenses or other authorizations necessary for
the operation of all plants, facilities, and equipment comprising the
Water Companies. All such transfers shall be approved without
the imposition of any restrictions, conditions, or obligations that

1 are unacceptable to Purchaser in its sole discretion.

2 This Joint Application has been filed to obtain the approval necessary to satisfy one of the
3 approvals required under Section 9.2 of the Agreement, which requires Algonquin to obtain
4 Commission approval for the transfer of assets before Closing can be finalized, and to meet the
5 requirements of A.R.S. § 40-285.

6 6. Based on many factors and geographic location, the condition of existing water
7 utility infrastructure, development layout, customer type and other factors, Algonquin asserts that
8 the public interest will be served by consolidating the water companies in the McLain Water
9 Systems into two separate legal entities, NSWC and SSWC. being one for the systems at the
10 intersection of Highways 92 and 80 north of Huachuca City and the other for those systems
11 located well south of Belle Vista southwest of Nicksville. Applicants have thus filed separate
12 requests for new CC&Ns concurrent with this filing.

13 7. Under the restructured format, NSWC would accept transfer of the assets of
14 Crystal Water Company, Mustang Water Company, Coronado Estates Water Company and Sierra
15 Sunset Water Company. SSWC would receive the assets of Horseshoe Water Company, Cochise
16 Water Company and Miracle Valley Water Company. *See Exhibit 3*, attached hereto, reflecting
17 the current fair value of the assets being transferred.

18 8. In addition to their infrastructure and real property assets, the McLain Water
19 Systems collectively hold CC&Ns authorizing each water company to provide water utility
20 service in their respective service areas. In order to effectively transfer the McLain Water
21 Systems and allow NSWC and SSWC to initiate service, Applicants request that the Commission
22 cancel the existing CC&Ns.

23 **III. THE PARTIES**

24 9. Cochise County is a political subdivision of the state, and creditor-in-interest
25 regarding the sale of McLain Water Systems under the auspices of the United States Bankruptcy
26 Court, District of Arizona.

1 10. Algonquin is a water utility holding company that owns and operates several water
2 and wastewater utility companies in Arizona, including Bella Vista Water Company, Litchfield
3 Park Service Company, Gold Canyon Sewer Company, Black Mountain Sewer Corporation and
4 Rio Rico Utilities.

5 11. NSWC and SSWC are newly formed legal entities incorporated for the express
6 purpose of restructuring the McLain Water Systems assets into two water companies based on
7 geographic location, opportunity for consolidation and potential growth in each respective service
8 area to be served. Applicants are wholly owned by Algonquin, which can provide access to
9 extensive capital resources, and managerial, administrative and technical expertise in the water
10 utility service industry.

11 **IV. THE PUBLIC INTEREST**

12 12. Applicants have filed this Application pursuant to A.R.S. § 40-285.A, which
13 requires, among other things, that a public service corporation shall not sell, lease, assign,
14 mortgage or otherwise dispose of any part of its plant or system necessary or useful in the
15 performance of its duties to the public. Typically, these types of applications are jointly filed by
16 the transferor public service corporation and the transferee. However, because the transfer is set
17 to close pursuant to bankruptcy proceedings involving the previous owners of the McLain Water
18 Systems as debtors, the transferor is not a public service corporation, but a trustee. Nonetheless,
19 Applicants assert that A.R.S. § 40-285.A is the proper statute by which to effectuate the transfer.

20 13. Applicants assert that approval of this Joint Application will serve the public
21 interest. In Decision No. 68412, the Commission established a ratebase for the McLain Water
22 Systems to allow the Bankruptcy Court to confirm a sale price under the Agreement, and order
23 the parties to obtain the regulatory approvals necessary to effectuate the transfer of assets before
24 closing. The Commission also noted in Decision No. 68412 that the public interest is served by
25 finding an entity willing to not only own and operate the McLain Water Systems, but invest the
26 capital necessary to repair and improve a collective infrastructure that has been neglected for

1 years. *See* Decision at 8, 10.

2 14. Applicants have developed an aggressive capital improvement program to address
3 the current state of "unprecedented disrepair" of the McLain Water Systems, including adding
4 water storage facilities and booster pumps, rebuilding new wells to current standards, repairing
5 water main leaks, and replacing damaged and non-standard piping throughout the various
6 distribution systems. This new infrastructure, and the effect of the capital improvement program
7 on rates, will be addressed in separate CC&N proceedings filed by NSWC and SSWC.

8 15. Transferring the McLain Water Systems assets into two separate water companies
9 (NSWC and SSWC) will also serve the public interest. Each of these systems presently operate
10 under individual CC&Ns and under individual rate structures (most of which remained
11 unchanged for many years), making them unnecessarily cumbersome especially given that some
12 of the systems serve under 70 connections. The Applicants propose the consolidation of these
13 water utility system assets into two legal entities, each with its own CC&N. The systems are
14 clustered into two distinct geographic areas. The northern systems are about 6 miles north of
15 Sierra Vista at the intersection of Highways 90 and 82, and the southern systems are all clustered
16 to the west and southwest of Nicksville about 8 miles south of Sierra Vista. This separation will
17 allow NSWC and SSWC to more closely match and track the capital investment, revenues,
18 operating costs and other parameters more closely within a like group of customers. Furthermore,
19 each of the systems within a cluster share certain important characteristics that are different from
20 the other cluster; ratepayers who have like issues respecting water quality, inter-connectability,
21 co-reliance on the same asset base, development layout and patterns, and growth prospects.

22 **V. RELIEF REQUESTED**

23 WHEREFORE, Applicant respectfully requests the following:

24 A. That the Commission proceeds to consider and act upon this Joint Application as
25 timely as possible and to schedule a hearing, if necessary, on this matter;

26 B. That upon completion of said hearing that the Commission enter an Order

1 approving the transfer of the McLain Water Systems assets to NSWC and SSWC respectively, as
2 more accurately described in **Exhibit 3**;

3 C. That the Commission enter an Order canceling the McLain Water Systems'
4 applicable CC&Ns; and

5 D. That the Commission grant such other and further relief as may be appropriate
6 under the circumstances herein.

7 DATED this 13th day of April, 2006.

4.5 Payment of Property Taxes at Closing: The Escrow Agent for the Sale and Purchase shall pay at Closing those delinquent Real and Personal Property Taxes authorized by the Bankruptcy Court in the Order approving the Sale. The payment of or the provision for the payment of all Real and Personal Property Taxes will be as is needed to provide insurable and marketable title by Seller. If there are, at Closing, Real and Personal Property Taxes that have been assessed but are not yet due then the amount to be paid by the Seller for such taxes shall be withheld by the Escrow Agent from the Purchase Price and used by the Escrow Agent to pay the

taxes owed by the Seller when payment can be made or, at the option of the Purchaser, the amount owed by the Seller for such taxes shall be a credit against the Purchase Price with the Purchaser to then be responsible for paying the taxes not yet due at the time of Closing when payment of such taxes can be made with the payment by the Purchaser to include what the Seller would otherwise be responsible for paying.

As used herein, "marketable title" shall mean marketable fee simple title to the Real Property as determined in accordance with the laws of the State of Arizona. As used herein, "insurable title" shall mean fee simple title that is currently insurable at regular rates by the Title Insurance Company selected by the Escrow Agent and Purchaser, under its standard owner's title insurance policy currently in use in Arizona, without any exception or exclusion from coverage other than the agreed upon Permitted Exceptions. Seller can use the Purchase Price to be paid to discharge or pay at Closing any obligation Seller is required to pay as part of the Closing to provide insurable title. Purchaser shall advise the Escrow Agent prior to Closing how Purchaser wants to take title or if its interest has been assigned in whole or in part.

4.7 Closing Documents: In addition to the Deed or Court Order, Seller shall deliver to the Escrow Agent and/or Purchaser at Closing the following together with any other documents as may be reasonably required by the Title Company to Close the transaction in accordance with the terms and conditions of this Agreement:

- (i) a Certificate of Non-foreign Status in accordance with Section 1445 of the Internal Revenue Code of 1986, as amended and the regulations thereunder;
- (ii) such Form 1099's or other forms required by the Internal Revenue Code, as amended; and
- (iii) evidence, satisfactory to the Escrow Agent of Seller's authority to execute and deliver a Deed and other Closing documents.

The Escrow Agent shall advise Seller as to Escrow Agent's requirements such that Seller can obtain the necessary documentation for a timely Closing. Purchaser shall deliver to the Escrow Agent at Closing evidence satisfactory to the Escrow Agent of the Purchaser's authority to complete the transaction contemplated hereunder and any other documents as may be reasonably required to Close this transaction in accordance with the terms and conditions as set forth in this Agreement.

4.8 Bill of Sale: All Personal Property being sold and purchased shall be conveyed

free and clear of liens by a Bill of Sale and/or Court Order.

4.9 Court Order Conveying Title: If the bankrupts, Johnny A. McLain and Linda M. McLain, husband and wife, will not sign any documents required to complete the transaction contemplated hereunder, Purchaser agrees that title to the Property may be conveyed to Purchaser by Order of the Bankruptcy Court provided such Order is acceptable to the Title Insurance Company and the Arizona Corporation Commission.

4.10 Utilities: Purchaser shall place in its name all utilities as of the date of Closing. The pro-ration of utility charges will be handled by Seller and Purchaser upon Closing.

SECTION 5: FORFEITURE OF EARNEST MONEY DEPOSIT

5.1 If the Purchaser fails to Close timely as set forth herein, then all Earnest Money Deposit and any interest thereon shall not be refunded to Purchaser but shall be forfeited to Seller, not as a penalty, but as and for liquidated damages for Seller having removed the subject Property from the market and for other damages Purchaser acknowledges have been incurred by Seller as a direct result of the Purchaser's default. The Seller and Purchaser recognize and acknowledge that given the fluctuation of land values and availability of financing it would not be practical to attempt to ascertain with any degree of certainty the actual damages suffered by Seller if Purchaser fails to Close timely but both parties agree that the Earnest Money Deposit to be forfeited is a reasonable estimate of the Seller's damages.

SECTION 6: AGENCY DISCLOSURE AND COMMISSIONS

6.1 Seller and Purchaser hereby represent and warrant, each to the other, that no party is entitled, as a result of the actions of Seller or Purchaser, as the case may be, to a real estate commission or other fee resulting from the execution of this Agreement or the sale and conveyance herein contemplated. Seller and Purchaser hereby indemnify and hold each other harmless from and against any and all losses, costs, damages and expenses (including attorney's fees) incurred or paid as a result of any claim for a real estate commission or other such fee arising out of the actions of Seller or Purchaser, as the case may be, with regard to this Agreement.

SECTION 7: WARRANTIES AND REPRESENTATIONS OF SELLER

7.1 Condition of Property: No agreement or representations pertaining to this transaction, have been made by Seller or any third person to the Purchaser or its agents, except as stated herein. Neither the Seller nor any one acting for the Seller is allowed or authorized to make any verbal representation and, therefore, if it is asserted by the Purchaser or its agent that a verbal representation was nevertheless made, the Purchaser and its agents cannot rely on any such verbal representation.

7.2 As-Is, Where-Is Basis: This is a sale of the Property is being completed on an "AS IS", "WHERE IS" and "WITH ALL FAULTS" basis. Seller makes no warranties or
